EXPERIENCE

SCADA Engineer | Pinnacle Industrial Controls
16 July 2025 – Present

Developed and implemented SCADA systems for pharmaceutical machines using Schneider Electric EcoStruxure Machine Expert SCADA. Worked on Report Designing using 21CFR Report Tool and MS-SQL Database, HMI screen development, PLC communication, real-time machine monitoring, alarm management, and data logging to enhance machine automation and operational efficiency.

INTERNSHIPS

SpeedUp Infotech – 6 Month
MERN Stack Developer with knowledge of building responsive and dynamic web applications using MongoDB, Express.js, React.js, and Node.js. Skilled in developing REST APIs, implementing CRUD operations, and integrating frontend and backend functionalities to create efficient and user-friendly applications.
Web Development Intern – CodeSoft, 1 Month
Learned how to develop a Restaurant Landing Page.
AI-ML Internship – IBM SkillBuild, 1 Month
Built a rule-based chatbot for a restaurant management system.

PROJECTS

E-commerce Project | E-kart Link:-
Developed an E-Kart e-commerce website dedicated to electronics products, featuring product browsing, shopping cart management, and secure online payments through Razorpay integration. Built using the MERN Stack (MongoDB, Express.js, React.js, and Node.js) with REST APIs and responsive UI design.
Chatbot for Restaurant Website | IBM Watson Studio
Provides automated customer support by handling reservations, answering menu queries, and offering personalized recommendations, enhancing user engagement and streamlining services.

Portfolio System | Link:-

Developed a responsive personal portfolio website using React.js to showcase professional skills, projects, achievements, and educational background. Integrated LinkedIn and GitHub profile links, live project demonstrations, and a downloadable resume feature using HTML5, CSS3, JavaScript, React.js, and GitHub.

CERTIFICATIONS

Udemy Complete Web Development Bootcamp – Angela Yu on Udemy.
Mern Stack Web Development – SpeedUp Infotech.
